

## BECOMING A MEMBER OF SPECIALTY AGRICULTURE RISK AND FINANCIAL ASSOCIATION

SARFA members enjoy the benefits of discounts on products and services only available to members:

- Member access to "Licensee Patient Protection Insurance". This is the first viable solution to get through step two, **section 408**, "financial responsibility requirement".
- Membership offers choices in selecting an agent to access the LPPP. Agent options include: a local independent agent or national agent that is in compliance with our broker partners - this currently includes 95% of agencies in Michigan.
- We are a member-driven association designed to meet the needs of our members navigating the risk and financial obstacles in Michigan.

**Quality insurance products are just the start.** We are developing new products and services to meet the needs of our members including a chartered member credit union to solve the current risk and banking obstacles.

We welcome all Michigan cannabis industry employers and employees to join Specialty Agriculture Risk and Financial Association. We want to bring growers, transportation, provisioning, processors, dispensary, cultivation, manufacturers, laboratory, property, smoke shop and all elements of this industry as our members, including all suppliers and vendors as our associate members.

As we all grow and develop the cannabis industry in Michigan we want to be your voice to provide the products and services along with the relationships and solutions to allow you to be successful.
